DEFINITIONS OF ABUSE:

In Killylea Primary School we use the following definitions:

Neglect- the persistent or significant neglect of a child, or the failure to protect a child from exposure to any kind of danger, including cold or starvation, or persistent failure to carry out important aspects of care, resulting in significant impairment of the child's health or development, including non-organic failure to thrive.

Physical – physical injury to a child, whether deliberately inflicted or knowingly not prevented. This may include hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, confinement to a room or cot, or inappropriately giving drugs to control behaviour.

Sexual – the sexual exploitation of a child or young person for and adults' or another young person's sexual gratification; the involvement of children or young people in sexual activities of any kind (including exposure to pornography) which they do not understand, to which they are unable to give informed consent or that violate normal family roles. Can include use of digital technology to groom or cyber-bully.

Emotional – persistent or significant emotional ill-treatment or rejection, resulting in severe adverse effects on the emotional, physical and/or behavioural development of a child. It may involve conveying to a child that he is worthless or unloved, inadequate, or valued only insofar as he meets the needs of another person. It may involve causing a child frequently to feel frightened or in danger, or the exploitation or corruption of a child. Some level of emotional abuse is involved in all types of ill-treatment of a child, though it may occur alone.

Domestic Abuse - involves any incident of threatening behaviour, violence or abuse (psychological, physical, sexual, financial or emotional) between adults who are or have been intimate partners or family members, regardless of gender or sexuality. The school has a duty to inform Social Services of suspected domestic abuse whether it has been directly witnessed by the child or not. Please note that domestic abuse can also come from another sibling or child who is residing in the family home.

CHILD PROTECTION PROCEDURES:

All staff at Killylea Primary School will ensure that all children are aware of who they can talk to if they are sad, worried, being bullied or have any other concerns. The Department of Education for Northern Ireland requires all those working in education to co-operate fully with Social Services and other agencies to protect children. It is therefore our duty to refer if there is a concern about any form of abuse.
